Things to do in The Cotswolds

Culture & Heritage

One of England's most beautiful areas, the Cotswolds boasts pretty villages of honey-colored stone, manor houses, charming churches, dry-stone walls and country pubs. History is all around you, from the Regency houses of Cheltenham to the black and white medieval buildings of Tewkesbury.

Attractions

The stunning Gloucester Cathedral was used as a Harry Potter filming location. Head to the Cotswold Wildlife Park and Gardens and get up close and personal with a huge range of primates, reptiles and more. Alternatively, you could join some of the world's best writers at the Cheltenham Literature Festival.
