

Condor Fact Sheet

Condor is Germany's popular leisure airline and has been taking off to the most beautiful destinations around the world since 1956. The airline carries 9.4 million passengers per year to more than 80 destinations in Europe, Africa, the Caribbean and North America.

Modern environmentally friendly fleet Long haul aircraft A330neo and B767-300ER

Airbus A330neo

Boeing 767-300ER

The Boeing 767-300ER aircraft are mainly used for Condor's long-haul flights. 18 or 30 seats in Business Class and 35 seats in Premium Class offer our mutual guests an even more relaxed flying experience. The A330-900neo has 30 Business, 64 Premium Economy, and 216 Economy Class seats.

How to Book

GDS (Global Distribution System): IATA

As an accredited IATA agency you have access to our Condor content through all major GDS, such as Amadeus, Sabre, Galileo or Worldspan. Condor flights and fares can be issued via 881 Condor carrier plate / ticket stock.

Extranet

In the Condor Extranet, you can find information about our product, our route network, any news concerning the airline and valuable information that facilitates your sales talk. Simply go to agent.condor.com for your registration.

Group Travel

With Condor you can easily plan group travels, in the IATA as well as Non-IATA area. For groups of 10 to 40 people, simply use our group calculator in the Condor Extranet (agent.condor.com), for larger groups, you will find a form there as well.

A group booking entails the following benefits: an option period of 21 days after booking confirmation. In case of biddings, we are happy to agree upon different option periods.

The following conditions apply:

- Minimum of 10 full paying guests
- Joint destinations airport
- Joint outbound flight
